

CHANGING YOUR GOOGLE MAIL PASSWORD

- i. Log in to **your google** account using **'sikkimrmd'** password.
- ii. On the top right hand corner there is a **'Settings'** tab just next to the gmail id indicator.
- iii. Press this and the **'Settings'** page opens.
- iv. Here **the 'General' tab** is selected by default.
- v. Click the underlined **'Accounts'** tab next to the 'General'
- vi. In the 'Accounts' section the fourth option is 'Google Account settings'
- vii. Visit your Google Account settings to reset your password, change your security question
or learn about access to other Google services.
- viii. Go to that page and change **your password**.
